

## Prayer news: January 2025

Thank you for joining with us in prayer for men, women and families affected by homelessness, poverty and addiction.

### City Centre

- Please pray that our guests who may have experienced isolation over the Christmas holidays will come back to our activities and enjoy being back in the Mission family.
- Pray for our guests in addiction presently working with our Rehab Pathways Team. Pray for breakthrough for those presently struggling and for stability and peace for those who are doing well.
- Please pray for our volunteers who are crucial to all the work we do. Give thanks for their incredible support in 2024 and their enthusiasm for continuing this work in 2025.

### Child and Family Centre, Govan

- Please pray for the families who will attend our various programmes in 2025. Pray for deepening relationships as we start back this week with our regular groups and change our Tuesday All Age Club to the Monday All Age Family Group.
- Pray for the two groups of young people going on an SU day trip in February. Pray for good weather, safe travel and that they will have a wonderful day.
- Pray for our staff as we go out to visit different local community projects. Pray that we will make long lasting connections and establish more partnership working within Govan.

### Winter Project

- We are working in three hostels/hotels as we seek to move guests to accommodation that is more permanent. Give thanks that the hostel/hotel staff have been very welcoming.
- Pray for our guests in these establishments. In our first five weeks, we have interacted with 103 guests, all at different stages of the homelessness process. Many have been stuck in this unsuitable temporary accommodation for months.
- Pray for our team of six Housing Settlement Officers who are now in their second month of working with us. Pray that they remain encouraged in their roles.
- Pray for local and national government. Pray for wisdom for them when making decisions regarding the housing crisis.
